

EASTERN BAY of PLENTY FEDERATION
PRESIDENT'S
NEWSLETTER MAY 2026

THEME: Reconnect and Rediscover
PROJECT : Involvement in your community

Dear Members,

Winter is now upon us and now is the time to get the knitting needles and crochet hooks out.

Those of you with email probably have your September Home and Industries Show program. Hopefully you will find plenty of projects to try.

Reminder to those who still have trophies, please hand them in to Federation members.

The members who travelled to Christchurch National AGM are back home after once again having enjoyed themselves. It is always great to catch up with friends and hear how others are getting on.

The discussion about Member's Affiliation Fees and the financial difficulties our National office is experiencing was robust, and the result is for the fees to stay at \$50-00, but the entire \$50 will go to National. This means Institutes and the Federations need to raise money to cover all their running costs.

The National 2027 Competitions list will be sent out soon.

In WI friendship
Diane Harvey
Federation President
