International Day

Seven members attended our International Day meal of Maltese and red/white food. Everyone dressed in red and white as well. Helen Rhodes had done some research and relayed some interesting facts about Malta.

Women's Institute Awareness Month

This year we had a display in the Oamaru Public Library and a window display @ Stitchcraft Corner for 2 weeks. The display in the library had small craft items, donated, for the public to take. Thankyou to everyone that supported this. It must have been well received as 90% of the items were taken.

In lieu of our usual Christmas gift exchange we are asking those attending the dinner to gift \$5 (or more) as a donation to the Oamaru Foodbank.
